RE: Robert Albert/ Albert Corporation

TO WHOM IT MAY CONCERN:

Robert I. Albert and the Albert Corporation have been involved in the development, marketing and management of condominiums in the greater Boston area over the past several years.

I became acquainted with Bob Albert when he was involved in extensive meetings and negotiations with community representatives and neighbors of a proposed condominium complex in Brighton three years ago. Although members of the community were adamantly opposed to the project as first presented, Mr. Albert and his partner worked diligently to understand their concerns and craft a satisfactory compromise.

I have been very favorably impressed with Mr. Albert's capacity to satisfy the concerns of community residents while maintaining the viability of his projects.

Sincerely,

Michael J. McCormack
